SUPERCHARGE YOUR API DEVELOPMENT

SOFTSERVE'S APIGEE FAST START PROGRAM

Service
Premier Partner
Google Cloud

Supercharging your API development leads to better user experiences, cost savings, and a competitive advantage in the market. Apigee's Fast Start comprehensive toolkit accelerates API development for seamless application integrations.

REAL-WORLD CUSTOMER SUCCESS USING APIGEE'S FAST START PROGRAM:

- Achieved an estimated 80% reduction in errors

- Reduced time-to-market by 48%

- Accelerated deployment migrating APIs in as little as four weeks

WHY APIGEE FAST START?

FASTER TIME-TO-MARKET

Slash the time it takes to publish APIs. You'll receive a comprehensive toolkit, including CI/CD pipelines, PoCs, templates, and basic knowledge for creating your own proxies and ensuring your ideas hit the market faster than ever.

REDUCED ERRORS

Minimize the risk of errors that often occur when you begin creating proxies. By providing you with a robust foundation and best practices, we ensure your proxies are built with precision and consistency, eliminating common pitfalls.

ACCELERATE TRANSFORMATION

Drive innovation and elevate your API results. Our program accelerates the platform adoption process, enabling quick solution validations so you experience immediate benefits, and harness the full spectrum of Apigee benefits and features.

APIGEE'S FAST START PROGRAM DELIVERABLES

INFORMED WORKSHOPS
Understand Apigee's architecture, covering network setup, backend service orchestration, data accessibility, and industry-leading CI/CD practices.

PRACTICAL PROOFS OF CONCEPTS (POCS)
PoCs demonstrating Apigee's applicability within your specific operational setting (ranging from one to three based on workshop results).

PRELIMINARY TIMELINE. APIGEE FAST START PROGRAM

Design, build, and validate API proofs of concepts for your selected business use cases

ASSESSMENT
2 WEEKS – DISCOVERY

Activities

- Educate customer on Google Cloud Apigee services
- Evaluate customer's existing API use cases
- Evaluate relevant environment and dependencies
- Define the scope for pilot/PoCs
- Create a quick assessment report

Deliverables

- An executive assessment report
- Problem statements, use cases, and success criteria
- A high-level PoC solution design, scope, and roadmap

FOUNDATION
4 WEEKS – ACCELERATED KICK-START

Activities

- Provision Apigee X platform
- Set up and configure the Apigee X platform
- Implement 1–3 simple proofs of concepts (PoCs)
- Conduct API verification and testing: monitoring, observation, and API analytics

Deliverables

- The API platform is up and running
- A standalone functional prototype of an API solution for the selected use cases

GOOGLE CLOUD EXPERTISE

SoftServe is a **Premier Google Cloud Partner** with deep and recognized expertise in leveraging advanced technologies like artificial intelligence, machine learning, and data analytics. **We've successfully delivered hundreds of projects** for clients ranging from Fortune 100 enterprises to digital-native startups.
