

DISCOVER THE POSSIBILITIES, DEFINE YOUR PATH

SoftServe’s Generative AI Discovery is your fast-track to identifying top Gen AI opportunities, managing risks, and speeding up time-to-value. An in-depth assessment and tailored follow-up proposal lay the foundation for your ongoing Gen AI strategy.

WHY GEN AI DISCOVERY?

This repeatable offering accelerates Gen AI adoption, drives innovation, pinpoints the best applications, evaluates your organization’s readiness, and crafts a clear roadmap for your next steps.

KEY BENEFITS

TARGETED USE CASES

Identify high-impact Gen AI opportunities aligned with your strategic goals for maximum ROI.

STRATEGIC ROADMAP

Receive a tailored, actionable plan for successful Gen AI integration and long-term growth.

RISK & COMPLEXITY MANAGEMENT

Develop clear strategies to evaluate and mitigate risks before implementation.

SUCCESS METRICS & KPIS

Set precise metrics and KPIs aligned with your business goals to measure Gen AI’s effectiveness and impact.

DRIVING BUSINESS VALUE

OPTIMIZED RESOURCE ALLOCATION

Focus resources on high-impact Gen AI initiatives that align with your strategic goals.

ACCELERATED INNOVATION

Discover advanced Gen AI applications customized to your needs, driving differentiation and a competitive edge.

INFORMED DECISION-MAKING

Use data-driven insights to guide Gen AI investments, reducing uncertainty and enhancing strategic planning.

COST EFFICIENCY

Assess feasibility and alignment of Gen AI projects to avoid unnecessary costs before a full-scale implementation.

GEN AI DISCOVERY

(1 WEEK)

ACTIVITIES

- Identify and prioritize business use cases that can be addressed with Gen AI and large language models (LLMs).
- Conduct feasibility assessments to determine data availability, quality, technology readiness, and potential ROI.
- Define success metrics and KPIs aligned with business objectives.
- Scope out the proof of concept (PoC) aligned with the business goals and objectives.

DELIVERABLES

- Executive assessment report.
- Problem statements, use cases, and success criteria.
- Defined PoC aligned with the business case, use cases, and value proposition.
